The proposed rule modifies two chapters of the Department of Revenue's Administrative Code.

The repeal and recreation of Tax 20 of the Administrative Code is intended to accomplish the following: (a) add language required under sec. 73.03 (66) specifying that the portion of the school levies credit for each municipality that is funded from the lottery fund shall not exceed the school levies credit amount paid to state residents, (b) eliminate outdated references to "precertification" and "interim" years with regard to lottery and gaming credit; and (c) reorganize and clarify other points concerning the distribution of the lottery and gaming credit. These changes have no fiscal effect on the state or on local governments.

The repeal of Tax 53 regarding plat review fees has no fiscal effect on the state or on local governments. These fees were once administered by the Department of Revenue, but are now administered by the Division of Intergovernmental Relations in the Department of Administration.
